No person will be allowed to act as Judge who is in any way interested in the articles to be examined.

Judges are requested to meet at the Secretary's office, before commencing their work, presenting their circulars of appointment, when they will be furnished with their badges and books.

It is particularly requested that Judges will not enter into arguments with exhibitors as to the merits of their exhibits. They are also particularly requested not to inform exhibitors as to the result of their judgment on articles for which prizes are not offered on the regular list, until their recommendations have been approved by the Board.

Judges will please sign and hand in their awards to the Secretary or assistants as soon as possible, and make their more extended reports afterwards, making recommendations as circumstances or experience may suggest. No award of a prize not offered in the list will be paid until sanctioned by the Board of Directors.

It is desired that all Judges of each class sign their book and go together to hand in their report, instead of sending it by one of their number, and to remain together until their book has been examined by the Secretary or one of his assistants, in order that cases of error or doubt may be more promptly and easily made right.

The Judges are particularly requested not to leave the grounds until they have ascertained from the Secretary that there are no protests against the award in the classes they have judged.

The attention of Judges and Exhibitors is particularly called to the two following paragraphs:—

It does not follow because a prize is offered for an animal or article that it must be awarded unless there is proper competition, or unless the exhibit is of sufficient merit to warrant the award being made.

In the absence of competition in any section, or if the stock or article exhibited be of inferior quality, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second, or any premium.

Not more than one prize will be awarded in any one section to any one exhibitor, unless there be bona fide competition, that is to say unless there be two or more exhibitors.

Judges will be furnished with "Very Highly Commended,"

“Highly Commended,” and “Commended” cards, which they are requested to use at their discretion, in addition to the awards provided by the prize list.

Any exhibitor lodging a protest must make it in writing, and it must be delivered to the Secretary or his assistants within three hours of the cause of protest; it must state plainly the cause of complaint or appeal, and must be accompanied by a deposit of \$5, which sum shall be forfeited to the Association if the said protest is not sustained. The Board of Directors, however, earnestly hope that exhibitors will not enter protests without the strongest grounds for so doing, as much annoyance and unpleasantness is often caused by protests of frivolous nature.

The Judges are expected, in the execution of their duties, to be careful to act with the most rigid impartiality, and make their entries in a clear and conspicuous manner, in all cases of doubt or difficulty referring freely to the Secretary or to the Directors in charge of Departments.

No persons shall be permitted in the horse or cattle rings during the time of judging, except the Judges and the grooms, or persons in charge of the animals.

All prize cards which have been affixed by the Judges must be displayed during the exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

Any person who shall attempt to interfere with the Judges while in the discharge of their duties, or shall afterwards, on the premises of the Association, use any contemptuous or abusive language to any Judge in consequence of any award made by him, shall forfeit his right to any premium to which he might otherwise be entitled, and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to report any breach of this rule.

Upon the discovery of any fraud, deception, or dishonest practice, either in the preparation or ownership, or of any misrepresentation concerning any article exhibited, which may have affected, or have been intended to affect, the decision of the Judges, the Board of Directors have the power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of such persons or not, as may be deemed expedient.

MISCELLANEOUS.

The Board of Directors reserve the right to prescribe the dimensions and regulate the position of all signs, and generally to direct the arrangement of the articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance.

The contractors for the supply of refreshments at the restaurants and all persons keeping refreshment stands, must lay in their stock before 8 a. m., unless under special unavoidable circumstances, when permission must be obtained from the Secretary.

The sale of alcoholic liquors, exhibitions or shows of an immoral nature and gambling of all kinds are absolutely prohibited.

The officers of the Association have the power, by their Act of Incorporation, to enforce these rules and to regulate or prevent the huckstering or trafficking in fruits, goods or merchandise on the Exhibition grounds; and any person who, after due notice of such rules, violates the same, shall be liable to be removed by the officers, policemen or constables of said Association and be subject to prosecution.

FIRE AND POLICE PROTECTION.

The most careful and thorough arrangements possible have been made to guard against fire. At the fire station, on the grounds, a detachment of the city fire brigade will be present day and night; the grounds are connected with all the fire stations by telephone, and with precautions taken, it is believed that the danger of such an occurrence is very remote; but exhibitors desiring insurance must give the matter their personal attention.

An ample police force, detailed for that purpose by the city, will be on duty day and night during the continuance of the exhibition. A full corps of watchmen will also be present at all times; but exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Association will not be responsible for loss or damage by theft, fire or otherwise. Small and valuable articles should be exhibited in show case, which may be securely locked when desirable.

ENQUIRIES.

Enquiries as to the exhibition and its arrangement before the opening should be addressed to the Secretary at Sherbrooke. During the exhibition, enquiries may be made at the Association offices,

The age of horses will be calculated to 1st January, 1907—that is, an animal is considered for exhibition purposes as being one year old the first day of January after it was foaled; thus, animals foaled any time in 1906 must be shown as one-year-olds; those foaled in 1905 as two-year-olds, and those in 1904 as three-year-olds.

If required, exhibitors must take a statutory declaration that the animals are the ages stated by them.

Entrance in the Breeding Classes \$1.00 per head. Entrance in the Harness, Hunter and Saddle Classes, \$2.00 per head. Entrance for Brood Mare and Foal, \$1.50. Foal of 1907, when exhibited apart from Dam, 50c.

Martin-Orme Pianos.

The Gerhard-Heintzman pianos have for half a century been recognized as "Canada's Premier Piano" among professional musicians and people of musical taste and refinement.

The MARTIN-ORME Piano

Manufactured in Ottawa is an instrument of very high artistic attainment in every particular.

In all Thoroughbred Classes, full pedigrees, properly certified, must accompany the entry, or the number of registration in the Stud Book must be given on the entry form. No animals will be allowed to compete as pure bred unless they possess regular stud pedigrees.

A Canadian-Bred Horse shall be understood to be a horse that is foaled in Canada.

No horse will be allowed to compete in more than one class or section except that single drivers may also compete as saddle horses or as one of a pair on payment of additional entry, and in case of teams, where brood mares may also compete. All horses may also compete for special prizes, and in speeding contests.

No horse will be allowed a premium unless sound, except in the case of stallions or brood mares injured by accidents, which do not lessen their usefulness; the opinion of the Association's veterinary surgeon to be taken in all cases of suspected unsoundness.

Blank pedigree forms to be had free on application to the Secretary.

Horses must be shown uncovered when required, in the arena and in such a manner as the judges may require or allow, and if exhibitors refuse to submit to the proper requirements of the Judges or Directors, their animals will be ruled out.

All horses must be brought out for judging or parade purposes whenever required by the Judges or officials and must take part in the parades. Exhibitors, or their employees, not complying with this or any other rule, shall forfeit all prizes awarded them and the right to exhibit at future exhibitions of the Association.

The upper door of box stalls must be left open from 9 a. m. to 6 p. m., in order that the public may view the animals, and all stalls must be cleaned out before 8 a. m., so that refuse can be cleared away before the arrival of visitors. These rules will be enforced.

Exhibitors who may desire to take their horses home at night will be allowed to do so by depositing \$5 with the Secretary, which shall be forfeited if the animal is not brought back by 10 a. m. the following morning.

Exhibitors will not be allowed to use stalls for storing forage, and the Directors shall at all times have the right of making use of stalls thus occupied.

Not more than one prize in any one section will be given to one exhibitor, unless there is bona fide competition in such section, that is to say, unless there are two or more bona fide exhibitors.

In the absence of competition in any section, or if the exhibits be of inferior quality, the Judges will award only such premiums as they

The ages of Ayrshires, Jerseys, Guernseys, Holsteins and Canadians will be calculated to the 1st of August, 1907, and all other cattle to the 1st of September, 1907.

In making entries the owner's name and address in full, the age of the animal, its name and registration number, must accompany the entry, otherwise the entry will not be accepted.

In the Shorthorn class, the animals must be registered in the Dominion Shorthorn Herd Book and in the Ayrshire class in the Canadian or Jersey Herd Records. In other classes animals must be registered or be eligible for registration in their respective herd books.

Bulls must have a ring in the nose or be otherwise properly secured to prevent accidents.

No animal may compete in more than one class or section, except for special or herd prizes.

All animals will be shown in the ring. Owners must be prepared to bring them out whenever required for judging or parade purposes, or forfeit claims to premiums awarded.

Any person exhibiting thoroughbred cattle as grades will be disqualified, and will not be allowed to compete at any further exhibitions of the Association.

All animals must be exhibited in the section set apart for their age. Younger animals will not be allowed to show in the section intended for the older ones.

A two-year-old animal having had a calf will be allowed to compete as a two-year-old heifer, if the owner thinks fit.

Cows must be giving milk at the time of the Exhibition, or be evidently well gone in calf. All cows exhibited in the Dairy Classes must be milked dry between the hours of 6 and 8 o'clock on the evening before

All judging to be done by comparison.

No one will be permitted to handle the birds on exhibition except their owners.

No birds allowed in the building except those entered for exhibition.

Exhibitors will send all stock addressed: Poultry Dept., Great Eastern Exhibition, Sherbrooke, Que., and have address of owner plainly printed on coops for return journey. Also name of express company by which they are to be returned.

The Secretary will send each exhibitor an entry check for each entry, giving name of specimen, and exhibitor's entry number. **These entry checks must be tacked on the outside of the shipping coop, and when more than one specimen is sent in a coop, each entry must be properly divided, and the proper entry check placed upon each section in the coop.** If from accident the Association entry checks do not arrive in time, send the exhibits without them, and the Secretary will make duplicates. Unhealthy specimens will not be exhibited, but will be returned to the owners at their expense.

All exhibits are at the entire risk of their owners.

Should illness or any circumstance occur to prevent any of the judges from officiating, the Association reserves the right to appoint others in their stead, or additional ones if required, and to make any alterations necessary to the success of the show.

After an exhibitor has once made his entries no alteration can be made, but additional entries may be made up to the date fixed for closing the entries, on payment of regular entrance fees.

Fowls entered in regular classes will be allowed to compete in "Special" class without extra entrance fees.

Judges may, at their discretion, award "Very Highly Commended," "Highly Commended" and "Commended" cards in addition to the money awards.

Entries Positively Close on Tuesday, August 6th.

An additional 1st Prize for collection of Vegetables is offered by Mr. J. Raymond Ball, Knowlton, Que.

Spring 1908 seeds to the value of \$10.00.

The condition governing the competition for this prize is that the seeds from which the vegetables have been grown must have been purchased from Mr. Ball.

Horticultural Department.

Director in Charge—Wm. Morris.

Asst. Director and Supt.—W. H. Lovell.

Entries close Monday, August 26th.

Entrance Fees—1 entry, 25 cents; over 1 and up to 5 entries, 50 cents; over 5 entries and up to 15 entries, \$1; over 15, 5c for each additional entry.

All exhibits must be in place by Monday evening, Sept. 2nd, at 6 o'clock.

All specimens placed in competition for premiums must be bona fide grown by competitor or employer, and if proved not to be such, the competitor to be disqualified from receiving any premium whatever. All articles to be correctly named and properly labelled.

In arranging the flowers and fruits on the tables, exhibitors will be required to place the varieties, as far as possible, in separate groups. When a number of varieties is specified, there must be neither more or less.

By a variety is meant an established variety, known as such to pomologists. New varieties, with only local names, are classed as seedlings.

Parties will not be allowed more than one prize in the same section, and no article which has already been awarded a prize will be entitled to another.

The attention of exhibitors is called to the fact that premiums are more likely to be awarded by the Judges for quality rather than size.

No individual, except the Judges and Superintendent and his assistants, shall be allowed to touch or handle any fruit, flower or other article exhibited, and any exhibitor, proved guilty of having tampered with any article on exhibition, or section card, will be liable to the deprivation of all premiums he may have been awarded, at the option of the Directors.

The Society will not be responsible for damage done to plants during or after exhibition, but all ordinary care will be taken of them.

All articles exhibited shall remain in the building until the close of the exhibition, when they will be delivered to the exhibitors, unless other-

wise directed. Permission may be had from the Superintendent in charge to remove any plant which might be likely to suffer by remaining during the whole of the exhibition, but all such plants must be replaced by others, to the satisfaction of such Superintendent.

Children's Department.

The work in this department must be wholly the work of the child exhibiting it; any work done on any of the articles by parents, teachers or other persons will disqualify them for competition. The judges will be careful to enforce this rule, and may, if they deem it necessary, require an affidavit from the parents of the exhibitor to the above effect before any prize is paid.

These prizes are intended for work done by children at the present time, and who are under the ages specified, at the time of the exhibition, and if work is entered by older persons as done by them before they were of the ages stated, it will not be accepted.

FINE ARTS.

Paintings, Drawings, Etc., by Amateurs.

Directors in Charge—N. T. Dussault, and G. R. Smith.

Special Director—S. F. Morey.

Superintendent—Mrs. E. F. Keene.

Entries close Monday, August 26th.

Entrance fees: 25 cents each entry.

The erection this year of the Educational and Fine Arts Building is a most important addition to the attractiveness of the Exhibition Grounds, and affords such facilities for the exhibition of pictures that the Board of Directors have decided (following the example of the recent Dominion exhibitions at Toronto and Halifax) to inaugurate the opening of this building by a representative exhibition of Art, with the co-opera-

tion of the Royal Canadian Academy. This collection will be one of the most attractive and educational features of the general exhibition, containing important pictures by representative Canadian artists, and to which all professional artists, residents of Canada, are invited to contribute, the Directors reserving the right to reject any exhibits not deemed of sufficient interest. In view of the importance of this exhibition and the expense attendant thereon, prizes in the Art Department will be confined to the exhibits of amateurs, including the work of pupils in public or private educational institutions, art schools, etc.

Every work must be the production of the exhibitor (a resident of Canada), and bear the artist's signature, and all work exhibited must be original. Evidence of originality to be furnished by the exhibitor whenever required by the Judges or the Committee.

Amateurs are to be understood as those who do not paint or teach or design for a livelihood or for profit, or habitually sell or offer for sale their productions; and who have not at any time heretofore done so.

No exhibitor will be allowed to accompany the Judges when they are examining the exhibits, or to attempt to influence them in any manner in their decisions.

All work must be delivered at the Art Building on the grounds not later than noon, Monday, September 2nd in order that they may be properly arranged and hung before the opening of the Department to the public.

All exhibits must be framed or mounted on cardboard.

Exhibitors who cannot bring their exhibits to the exhibition can send them by express, prepaid, addressed to the Superintendent Fine Arts Department, Dominion Fair, Sherbrooke, who must be notified by the exhibitor, by post-card or otherwise, when the goods are so sent. The entry tickets should be securely fastened to each picture or drawing.

All works entered for exhibition in the Department of Fine Arts are subject to the approval of the Directors in charge, whose decision shall be final.

The Association reserves the right to refuse any work not considered of sufficient importance to be exhibited.

CHOOSE A CAREER FOR YOUR BOY.

Parents have a supreme duty to perform for their children, and that is to give them the best equipment possible, in order that they may win success in the battle of life. In no way can they give their sons and daughters a broader, surer foundation for their success, than by providing for them a specialized education in those subjects best suited to their tastes and ambitions.

To the young man and woman just leaving school and beginning to earn a livelihood, the instruction of the International Correspondence Schools is the road that leads from the dead level of general mediocrity to professional specialism.

Through the I. C. S. plan of "Education by Mail,"—so successfully applied to over one million students in the last 16 years,—the young man or woman can quickly qualify for a good position in his or her chosen profession,—the one to which taste and talent naturally direct.

Every month an average of 300 I. C. S. student report increased Salaries and Promotions. In 1906. 3376 Students, living in different sections of our field, so reported. The I. C. S. goes to them and trains them in their own homes, without interfering with their regular duties.

Are you going to give the I. C. S. a chance to show you how it can assist you in your duty towards your boy or girl?

We supply training in the following branches:

Mechanical, Electrical, Architectural, Civil, Municipal, Hydraulic, Bridge, Railroad, Steam, Marine and Mining Engineering; Mechanical, Architectural, Structural and Monumental Drafting; Surveying, Designing, Textile Mfg., Electrical Work, Plumbing, Heating and Ventilation, Contracting, Building, Assaying, Chemistry, Banking, Book-Keeping, Stenography, Illustrating, French, English, German and Spanish.

Go over this list with your boy to-night. Let him pick out the lines of study that interests him most, write us a postal and in return we will send you detailed information about the Course desired and our system of teaching. It puts you under no obligation whatever to do this for your boy. Are you willing to neglect this opportunity for his betterment?
